## • For the Community

### ***Agency Vision Statement***

The CMH Services Board will strive to be the mental health agency of choice for all citizens of Van Buren County, characterized by accessible, acceptable, valued and effective services and will take a leadership role in achieving a healthy community, emphasizing wellness and prevention.

### ***Statement of Organizational Values***

- We, the staff and CMH Services Board, dedicate ourselves to the practice of compassionate, professional, culturally sensitive, and excellent care.
- We strive to work together as a team, and to communicate honestly and directly to create a broader, accepting, responsive community based on trust, respect, and equality.
- We pledge accountability to one another and to the persons we serve, respecting their diversity, responding to their needs, and advocating for their enrichment.
- In all we do, we endeavor to consistently create a positive and healing organization.
